Call Money's Upward Tren Halts Advance in Final Hour

NEW YORK. Aug. 10.—Strength of high grade rails in the face of fur ther complications in the railroad strike situation featured today's stoce market session. Shares of several carriers together with a few high class industrials, moved to new high grounfor the year but some of the gain were forfeited in the weakness which developed toward the close. Sales approximate 650,000 shares. Liquidation of low priced industrials, combined with an increase it call money to five per cent, halted the advance in the final hour. Willye Overland common and preferred, Kennecott Copper, Central Leather and Worthington Pump yielded 1 to 3 1-points. The closing was irregular.

IRREGULAR CHANGES.

Irregular price changes marked the opening but the selling of speculative favorities soon gave a reactionary trend

favorites soon gave a reactionary tren to the whole list. Pressure agains Baldwin and Mexican Petroleum for ed those stocks a point each, while Studebaker, selling ex-dividend war down a half.

down a haif.

Northwestern railroads which
strengthened Wednesday on spublication of the government's bumper cropreport, moved contrarily today, Chicago and Northwestern rising a point cago and Northwestern Ising a por-to a new high level, while Union Pa-cific was down 1 3-8 and Great North-ern preferred and Northern Pacific each one-half. American Radiato-broke through for a new high on a gain of 1 1-2 and Western Union was

cuch one-half. American Radiator broke through for a new high on a gain of 1 1-2 and Western Union was up one.

Pronounced weakness was shown by Crucible. American Locomotive, United States Ruiber and Maxilonson, which were down one to 1 1-2 points.

BEARS ACTIVE.

Oils, motors, steels, equipments and a few miscellaneous shares continued under pressure throughout the day However, short covering in Mexican Petroleum which had sold off 2 points, was the signal for a rally which carried that stock up 1 1-2 points above Wednesday night's close and wiped out all or most of the losses in Baldwin and American Locomotive, Chandler and Studebaker, motors and Crucible Steel. An active inquiry for low priced ralls, which were neglected Wednesday, also developed in the upward movement, St. Louis Southwestern breaking through for a new high for the year with sympathetic advances of 1 to 1 1-2 points in the preferred stock of that road. Texas and Facific and St. Louis and San Francisco. American Can, Maxwell Motors 'B.' Pan-American Oil and California Packing also moved to higher ground.

OFFERINGS SCARCE.

Call money opened at four per cent. Speculative interest converged in high priced raliroads and industrials and the influence of this buying was felt throughout the list. The readiness with which special stocks advanced materially on moderate absorption indicated scarcity of offerings at current levels. Chicago & Northwestern Great Northern preferred, Canadian Pacific, Louisville and Nashville. Chesapeake & Ohio, Sears Recoluck, International Harvester and American Brakeshoe were foremost in the earlier afternoon advance. Call money hardened to 4 1-2 per cent, but this exerted no restraining influence on the buyins.

CHICAGO. Aug. 10.—Wheat scored a siight advance today in the early dealing after a down turn at the outset to new low priced records for the season. The initial decline was ascribed to liberal receipts here and to lack of important buying.
